Lubrizol LZ 1360 is an Antiwear (AW) additive based on a zinc dialkyldithiophosphate. Suitable for use in metalworking fluids, hydraulic oils, industrial gear oils, engine oils, and for greases.

While LZ 1360 is an excellent product, it is Tri-iso's opinion that Rhein Chemie Additin RC 3045 represents a better value. Additin RC 3045 is an Antiwear additive and friction modifier based on primary zinc dialkyldithiophosphate. Contains 10.5% Zn, 19.0% S, and 9.5%, and is cut in 10% mineral oil. Suitable for metal working fluids, hydraulic oils, industrial gear oils, engine oils, and for greases. Exhibits good hydrolytic stability and antioxidant properties.

Lubrizol is a registered trademark of the Lubrizol Corporation. Tri-iso does not distribute Lubrizol LZ 1360 or other Lubrizol products.
