Technical Data Sheet

Revision Date: 2017-06-30  NO. WHPU _0015
Name: WANNATE ® CDMDI-100L  Version: 6.0

Application

WANNATE® CDMDI-100L is carbodiimide-uretonimine-modified 4,4’-diphenylmethane diisocyanate. It is a pale yellow liquid at room temperatures.

WANNATE® CDMDI-100L is mainly used in the production of high-performance cellular PU elastomer and flexible PU integral skin foam which include shoe soles, airless tires, automobile bumpers, splashboard, shock dampers, spoilers, steering wheels, seat head-rests, arm rests, etc. It is also widely used in the production of adhesives, coatings and prepolymers.

Typical Physical and Chemical Properties

Package(s)

210 L iron drums, 240kg/drum
18L (5 gal.) pails, 20kg (44lbs.) / pail

Storage

Since WANNATE® CDMDI-100L is a reactive chemical, reaction with atmospheric moisture happens easily and leads to the formation of insoluble urea and carbon dioxide gas, which can result in pressure build-up in closed containers and viscosity increase of the product. Containers must therefore be absolutely dry and carefully sealed after congested with...
nitrogen.

Containers of WANNATE® CDMDI-100L should be kept properly closed and stored indoors at ambient temperatures (20-30°C) in a well-ventilated area. Storage at low temperatures (below 15°C) may lead to some crystallization; this material must, therefore, be protected from frost. If crystallization does occur, the material should be heated to 70-80°C to melt it out, and should then be thoroughly agitated before use.

**Shelf Life**

Under recommended storage conditions, the shelf life of WANNATE® CDMDI-100L is 6 months since the date of production.

**For more information about safety and environment, please refer to our SDS or contact our customer service center.**

**Version information:**

Date of first issue : June 6, 2013
Date of 1st revise: Feb 6, 2015 Reason for revision : The need of product classification
Date of 2nd revise : May 5, 2015 Reason for revision: A change of company address
Date of 3rd revise : Aug.18, 2015 Reason for revision: Unified the template of TDS
Date of 4th revise: May 31, 2016 Reason for revision: Change of product standard.
Date of 5th revise: June 30, 2017 Reason for revision: Change of company LOGO.
