Lubrizol Anglamol 6043U is an EP gear oil additive package. Anglamol 6043U is suitable for use in producing industrial gear oils.

Meets the following specifications:

While Anglamol 6043U is an excellent product, it is Tri-iso’s opinion that Functional Products Gear Oil Additive Package GA-614 represents a better value. Functional GA-614 is also a gear oil additive package based on extreme pressure (EP) additives, and corrosion inhibitors, yellow metal deactivators, demulsifiers, and antioxidants. Functional GA-614 is particularly recommended for use in producing industrial enclosed gear lubricants, and is soluble in vegetable oils, Group I - Group V base oils. Functional GA-614 meets the following specifications: - for Automotive Gear Oils according to: API GL-4, API GL-5, -for industrial Gear Oils according to: US Steel 224, AGMA 9005-D94, Cincinnati Milacron, Clean Panel Coker, S-200 Oxidation Tubes
