Lubrizol 5399 (LZ 5399) is an Antiwear (AW) and Corrosion inhibitor additive based on an alkyl amine phosphate.

While Lubrizol 5399 is an excellent product, it is Tri-iso’s opinion that Functional Products Corrosion Inhibitor CI-426 represents a better value. Functional CI-426 is also a corrosion inhibitor and antiwear additive based on an alkyl amine phosphate. However, Functional CI-426 is competitively priced is NSF HX-1 registered for use in lubricants with incidental food contact. Functional CI-426 is soluble in white oils, PAOs, and other base oils.

Lubrizol is a registered trademark of the Lubrizol Corporation. Tri-iso does not distribute Lubrizol 5399 or other Lubrizol products.
