Lubrizol 7070D (LZ 7070D) is a VI improver based on an OCP polymer. Lubrizol 7070D is supplied as a liquid and has 45 SSI shear stability. Lubrizol 7070D is suitable for use in multi-grade engine oils and industrial lubricants.

While Lubrizol 7070D is an excellent product, it is Tri-iso’s opinion that Functional Products VI Improver V-158 represents a better value. Functional V-158 is also an OCP VI Improver that is supplied as a liquid and has 45 SSI shear stability. Functional V-158 is recommended for use in multi-grade engine oils, industrial lubricants, and without dilution as an aftermarket oil treatment additive. Functional V-158 is supplied at 1000 cSt at 100°C.
